Message from CEO

Welcome to our first newsletter for 2021 and to all the new families that have joined our service. The beginning of 2021 has been a roller coaster with few bumps.

We appreciate how our educators and families have made it smooth sailing.

We expect everyone who attend the office to follow proper COVID-19 measures.

I am excited to have new team members and new families on board with us.

We shall have a wonderful 2021.

Set Parental Control on IPAD

How to set parental controls on an iPad

1. Launch the Settings app.
2. Tap the "Screen Time" tab.
3. Tap to set a Screen Time passcode, and enter your chosen numeric code (if this is already done, the tab will read "Change Screen Time Passcode," which you may want to do periodically).
4. Tap "Content & Privacy Restrictions."
5. Enter your passcode.

Now you will need to spend some time customizing the allowances and restrictions as you see fit. You should tap "Content Restrictions" and set the ratings you will allow for media (G-rated movies, e.g.), filter web content (no explicit language, for example), and set limits to the types of websites your child can visit.
